

Family Feature

Jennifer McDougall

I have attended PEC for 3 years. I appreciate biblical truths and the enthusiasm here at PEC.

I have two children: a son who lives in Winnipeg and is manager of Smitty's Resturant and a daughter in La Biche in marketing in Portage College. They both require prayer for their salvation.

As a family we enjoy time together at Boston Pizza/The Keg once a month as our busy careers allow.

I enjoy acrylic painting, petting zoo and hanging out with animals, going out for coffee (hanging out with people), and making lead ropes with binder twine. I am an employed as a direct service provider with the Province of Manitoba and Vision of Independence. I also do on site tours with the petting zoo and mobile petting zoos.

PRAYER & PRAISE

Pray for the Abe Plett family (Abe is a brother to Reynold and Erna - son to Anna Plett) Abe Plett's wife Heather passed away this last week.

Nolan continues to fare well in his treatment schedule. He would like and his parents for him to return to school by September but it is looking like October will be more likely due to the hard hitting chemo treatments that knock down his body's defenses. We continue to pray that he would avoid complications and setbacks and that he would stay in remission. Also that Nolan would experience just how real and present our God really is.

Dear Church Family

Sonsparks Lab team wants to express our thanks for hosting Community VBS, providing volunteers and giving of your time and resources. A special thank you goes out to Maureen and Debbie for turning this place into an awesome science lab. The children had many opportunities to Discover God's plan 4U=Jesus, through games, crafts, and Science and Bible Adventures. My heart was stirred, when a child not only asked for a Bible for himself but his mom too.

God certainly was a part of this week's ministry. Our mission project, "The Greatest Journey" - a 12 week Discipleship course through Operation Christmas child has been very successful too. Again thank you for your prayers and support.

On behalf of the Sonsparks Lab Team
Eileen Warthe - Director
